

SMab™ Recombinant Rabbit Monoclonal Antibodies

20 µL Buy 1 Get 1 Free

100 µL (T) 25% Off

Promo code **ABA20250801** must be entered at checkout to participate

Valid: August 1 – December 31, 2025

Terms & Conditions

- This promotion applies to SMab™ Recombinant Rabbit Monoclonal Antibodies only.
 - Available to end-users in the Asia-Pacific region (excluding Mainland China) and Europe. Terms may vary by region—please consult your local ABclonal representative for details.
 - Promotion Period: August 1 – December 31, 2025
 - Promo Code: **ABA20250801** (must be entered at checkout to redeem the offer)
 - Promotion Details
 - 20 µL: Buy 1, Get 1 Free
 - 100 µL (T): 25% Off
- Note: "T" refers to ABflo™ Flow Cytometry Rabbit Monoclonal Antibodies; all other SMab™ products use µL-based specifications.
- ABclonal Technology reserves the right of final interpretation.

With over **50,000** citations and a cumulative impact factor of more than **360,000**, ABclonal has been ranked in the CiteAb citation leaderboard for three consecutive years.

Leveraging the advantages of recombinant rabbit monoclonal antibodies, including their diversity, high affinity, and strong specificity, we not only expand the scope of applications but also ensure clearer and more reliable experimental results. We provide recombinant rabbit monoclonal antibodies for multiple species and a wide range of applications, adhering to ABclonal's rigorous antibody validation strategies to guarantee product quality.
